

NEXTStep Commerce, Inc. opens new offices in VA & NC.

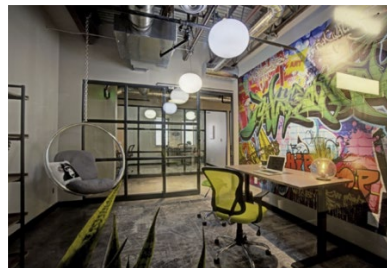

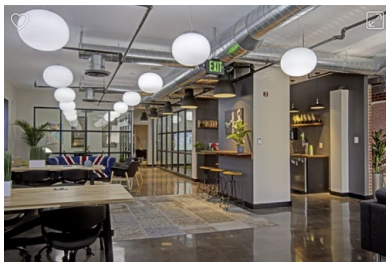

- PRESS RELEASE -

- NEXTStep's GPO Business expands with two (2) new offices; located in Leesburg, VA, and Charlotte, NC.

Leesburg, VA, July 1, 2019 – NEXTStep Commerce, Inc. “NEXTStep” announces the opening of new offices; in Leesburg, VA and Charlotte, NC. These two (2) new locations strengthen NEXTStep's U.S. presence, enabling NEXTStep to better serve our Group Purchasing Organization (GPO) clients. NEXTStep empowers GPOs to implement “best practice” group e-procurement, central e-billing & payment, and rewards & rebates management processes, which are operationalized and maintained through our NXT-Cloud® GPO Commerce Suite platform.

NEXTStep's new Leesburg office opens on August 1st 2019 at the new Blockchain building located in the Hub Zone district of Leesburg, VA. The building resembles the leading Silicon Valley technology company campuses, providing our technology staff with a creative high-tech work environment combined with quality of life amenities to include: social networking pod cast studio, multi-media conference rooms, Peloton® exercise facility, stretch/yoga lab, ping pong tables, coffee café, and more. Providing a productivity enhancing work environment enables NEXTStep to attract and retain premier employee talent from Northern Virginia's Internet technology corridor and North Carolina's top universities. “Better people, better solutions, better client services.” says Rob Skyler, President & CEO of NEXTStep.

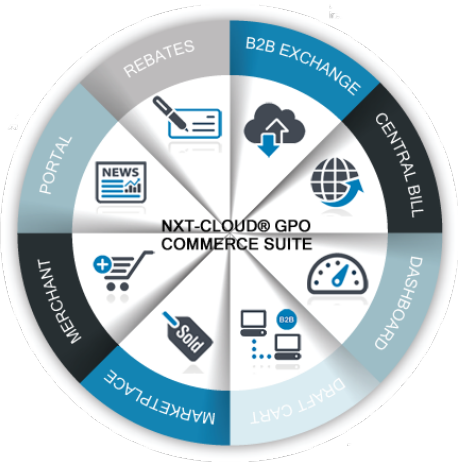

NEXTStep's new Charlotte office is located in the vibrant South Park, NC community, walking distance to the shopping mall and restaurants sharing the South Park name. A key GPO client and several new prospects located in the Ballantyne and Huntersville technology corridors, were key to NEXTStep's decision to opening an office in the Charlotte area. Mr. Skyler said, “We look forward to offering “best-of-class” GPO software and services in the Charlotte, NC area”.

NEXTStep Commerce, Inc. opens new offices in VA & NC.

Additionally, NEXTStep will be expanding its co-location data center footprint at the CoreSite Data Center Campus located in Reston, VA, later this year.

NEXTStep Commerce Inc, is a B2B cloud computing company with 18+ years of experience, offering an enterprise suite of eight (8) integrated software applications developed specially for GPOs. NEXTStep’s clients include national buying groups, cooperatives, distribution networks, and loyalty program providers serving the United States, Canada, Mexico, and Puerto Rico. Our multi-industry GPO platform deployments manage over \$1B in b2b e-commerce transactions annually.
